

# Style Guide

ForoGamers

## Colors

-white: #fff.

Menu text and main screen. We use this color to represent clarity and clean

-blue: #2FA9F3.

·blue 2: #99c0e3.

For footer hovers and selected genres from the search menu. We use the blue to transmit confidence of users

-black: #232323.

Footer and div. We use the black for contrast with white and the text is more readable

-gris: rgb(128, 128, 128).

For letter of footer. We use this color to transmit knowledge

## Typography

Roboto

Designed by [Christian Robertson](#)

Whereas disregard and contempt for human  
rights have resulted

Select preview text: Continent ▾ Language ▾

font-family: 'Roboto', sans-serif;

This font is used throughout the page. In the search menu it is with a size of 18px,

VT323

Designed by [Peter Hull](#)

Whereas disregard and contempt for human rights have  
resulted

font-family: 'VT323', monospace;

This typography is exclusive to the main title of the website, which is the name of the website, and in some other titles. This font is only in the size of the H1 tag

## Header definition

The header is made up of the title of the web, the logo, the access to log in and the registration. Below all of this is the search bar along with some search filters to make it more effective

## Wireframes

### Login

The wireframe shows a login page for 'ForoGamers'. The header includes the site logo, a search bar, and social media icons. The main content area features a login form with fields for 'Usuario' and 'Contraseña', a 'Registrar' link, and a 'Iniciar Sesión' button. The footer contains company information, tags, social media links, and a list of pages.

Header: @ ForoGamers, Search, Twitter, Instagram, Facebook

How to Overcome Creative  
Blocks & Find Inspiration

Just met this girl on the subway the other day. We exchanged contacts. Pretty sure we had a nice conversation.

# Home Page

# Profile

## **Images**

The images will have a default size when selecting the cover of the guide but in the guide the size will depend on the quality of the image that the user has uploaded but with a maximum of 800px by 600px

## **Icons**

The icons we use are the logo and the user icon which shows us the user profile

## **Web Structure Verticality**

The web has a vertical structure, showing most information and it is structured to easy navigation between sections of the web.

## **Hierarchy of information**

It is designed so that there is a clear definition that it is more important and that there is no confusion of information of the same importance.

## **Workspace**

The main area will be the home page and the car sale as it will be all important and the goal of the web is to inform and to sell cars.

## **Structure of menu**

The web menu is based on a search bar that allows us to search for the guides we need, along with some filters at the bottom of it to narrow the search. At the top of the search bar is the title of the web which if we click on it updates the page, to the left of this is the web logo and to the right are the links that redirect us to the log in and sign in part
